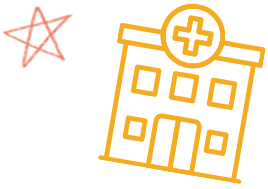
NORTHSIDE CENTER



## Behavioral Health

# Clinic in Schools (CIS)

Northside's CIS program tackles a severe youth mental health access gap in underserved NYC communities by embedding licensed clinicians in 22 Title I schools (plus telehealth), reaching an almost entirely Medicaid-covered population that would otherwise face insurmountable barriers (shortage-area provider scarcity, waitlists, transportation, and insurance limits) to getting care.

## WE SERVE

- School Aged Children
- Teenagers
- Young Adults
- Families

## WHAT WE PROVIDE

- Individual Therapy
- Collateral Therapy
- Crisis Intervention
- Complex Case Managment
- Psychiatric Evaluations
- Medication Management
- Support for IEP-Related Services
